REACH Statement

September 2019

REACH is the Regulation for Registration, Evaluation, Authorisation and Restriction of Chemicals. The REACH Regulation came into force on 1 June 2007 under Regulation (EC) No 1907/2006 of the European Parliament.

The regulation requires – among other obligations – the registration of manufacturers or importers of controlled substances in volumes greater than one tonne per year. Cobra Electronics Ltd. does not exceed this volume and is therefore not required to register.

To the best of our knowledge, none of the articles sold by Cobra Electronics Ltd. contain any of the substances defined on the Candidate List of Substances of Very High Concern (SVHC) (available here: <https://echa.europa.eu/candidate-list-table>) in concentrations of more than 0.1% by weight.
